## BACK UP SYSTEM 1KW-2H

Example of use:

Appliances	Number	Estimated Unit Power (W)	Total power (W)
Bulb	5	40	200
Home cinema	1	250	250
Refrigerator	1	150	150
Freezer	1	250	250
Phone charger socket	1	50	50

Total Power (W)	900
-----------------	-----

To summarize, the main equipments of the back-up system will consist of:

- 1 ESIS POWER ELITM 1012 SERIES 12V-1000W INVERTER
- 2 Narada GEL batteries 12V-100Ah

The autonomy can be increased by:

- Managing the consumption properly (exple: turn off TV or some lamps if not needed or necessary), only turn on the appliances which are essential. By operating this way, we can get autonomy even up to 7h and more depending on the use.
- Adding the number of batteries.

PRO FORMA Invoice

Item	Qty	Unit P. CFA	Total P. CFA
ESIS POWER ELITM 1012 SERIES INVERTER	1	472 658	472 658
NARADA Battery 12V-100 Ah	2	134 400	268 800

Total **741 458**

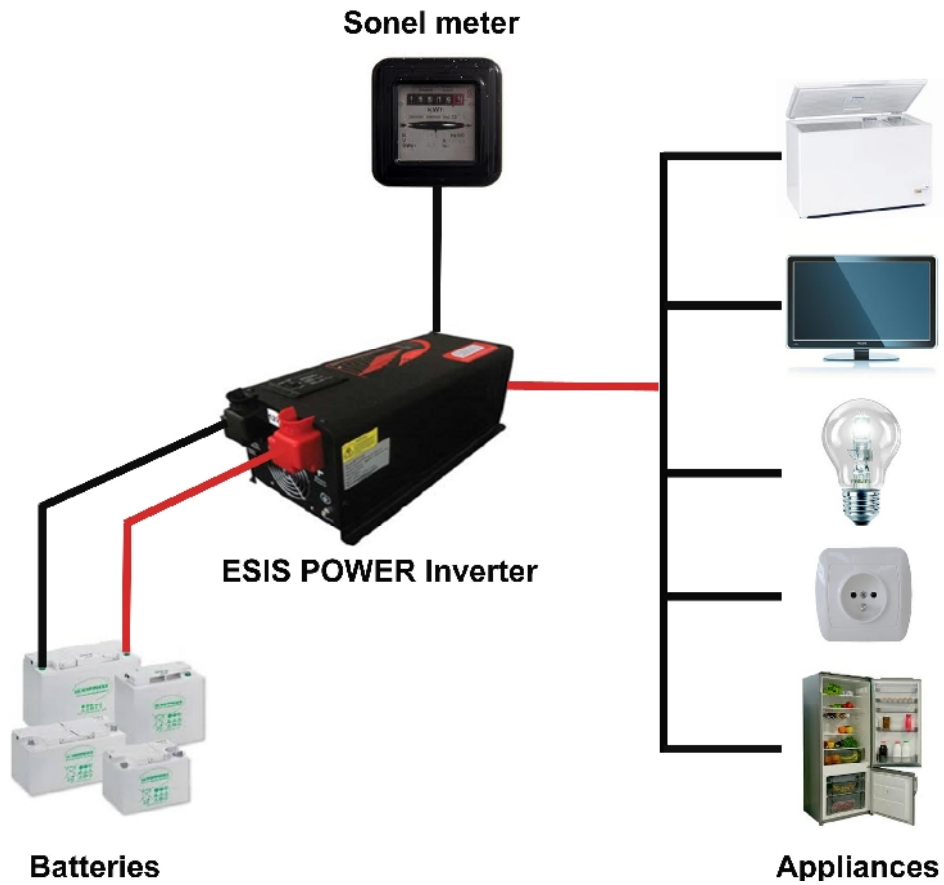

VAT 142 731

<b>Total DP (FCFA)</b>	<b>884 189</b>
